Subject: Preparation for West Lake Landfill Briefing
Importance: High

Hi Erik,

Below and attached are a few information pieces to help you prepare Congresswoman Wagner for the West Lake Landfill briefing:

1. The most recent West Lake Landfill fact sheet is attached.
2. Map of Site is attached.
3. Current Status of the Landfill Fire: The Missouri Department of Natural Resources has been and continues to work with the landfill owner to control the subsurface fire's spread and contain the gas and odor releases. The Lambert – St. Louis Airport Authority sent a letter to the landfill owner on February 20, 2013, asking them to stop any excavation work being done as part of these efforts until the owner can meet with STLAA to ensure that the work is done in a way that does not create a bird strike hazard for aircraft.

I will send you a proposed agenda on Monday for you to review.

Also, I have scheduled one hour for the briefing.

EPA staff who will be on the conference call:

Karl Brooks, EPA Region 7 Administrator

Rich Hood, Associate Regional Administrator for Media and Intergovernmental Relations

Cecilia Tapia, Superfund Division Director

DeAndre Singletary, Missouri/Kansas Superfund Remedial Branch Chief

Dan Gravatt, West Lake Landfill Site Project Manager

Audrey Asher, Office of Regional Counsel

Chris Whitley, Public Affairs Specialist

LaTonya Sanders, Congressional Liaison

Date: Tuesday, March 12, 2013

Time: 11 a.m. – 12 p.m. EST

Conference #: Ex. 2 - Internal Rules and Practices of Agency, access code: 11-11-1111111111111111

Thanks.

LaTonya E. Sanders

Congressional Liaison

U.S. Environmental Protection Agency, Region 7
